Form AV-4
(Rev. 10-08)

NORTH CAROLINA GENERAL STATUTES PERTAINING TO PRESENT USE VALUE ASSESSMENT AND TAXATION OF AGRICULTURAL, HORTICULTURAL, AND FORESTLANDS

§ 105-277.2. Agricultural, horticultural, and forestland – Definitions.

The following definitions apply in G.S. 105-277.3 through G.S. 105-277.7:

(1) Agricultural land. – Land that is a part of a farm unit that is actively engaged in the commercial production or growing of crops, plants, or animals under a sound management program. Agricultural land includes woodland and wasteland that is a part of the farm unit, but the woodland and wasteland included in the unit must be appraised under the use-value schedules as woodland or wasteland. A farm unit may consist of more than one tract of agricultural land, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(1), and each tract must be under a sound management program. If the agricultural land includes less than 20 acres of woodland, then the woodland portion is not required to be under a sound management program. Also, woodland is not required to be under a sound management program if it is determined that the highest and best use of the woodland is to diminish wind erosion of adjacent agricultural land, protect water quality of adjacent agricultural land, or serve as buffers for adjacent livestock or poultry operations.

(1a) Business entity. – A corporation, a general partnership, a limited partnership, or a limited liability company.

(2) Forestland. – Land that is a part of a forest unit that is actively engaged in the commercial growing of trees under a sound management program. Forestland includes wasteland that is a part of the forest unit, but the wasteland included in the unit must be appraised under the use-value schedules as wasteland. A forest unit may consist of more than one tract of forestland, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(3), and each tract must be under a sound management program.

(3) Horticultural land. – Land that is a part of a horticultural unit that is actively engaged in the commercial production or growing of fruits or vegetables or nursery or floral products under a sound management program. Horticultural land includes woodland and wasteland that is a part of the horticultural unit, but the woodland and wasteland included in the unit must be appraised under the use-value schedules as woodland or wasteland. A horticultural unit may consist of more than one tract of horticultural land, but at least one of the tracts must meet the requirements in G.S. 105-277.3(a)(2), and each tract must be under a sound management program. If the horticultural land includes less than 20 acres of woodland, then the woodland portion is not required to be under a sound management program. Also, woodland is not required to be under a sound management program if it is determined that the highest and best use of the woodland is to diminish wind erosion of adjacent horticultural land or protect

water quality of adjacent horticultural land. Land used to grow horticultural and agricultural crops on a rotating basis or where the horticultural crop is set out or planted and harvested within one growing season, may be treated as agricultural land as described in subdivision (1) of this section when there is determined to be no significant difference in the cash rental rates for the land.

(4) Individually owned. – Owned by one of the following:

a. An individual.

b. A business entity that meets all of the following conditions:

1. Its principal business is farming agricultural land, horticultural land, or forestland.
2. All of its members are, directly or indirectly, individuals who are actively engaged in farming agricultural land, horticultural land, or forestland or a relative of one of the individuals who is actively engaged. An individual is indirectly a member of a business entity that owns the land if the individual is a member of a business entity or a beneficiary of a trust that is part of the ownership structure of the business entity that owns the land.
3. It is not a corporation whose shares are publicly traded, and none of its members are corporations whose shares are publicly traded.
4. If it leases the land, all of its members are individuals and are relatives. Under this condition, 'principal business' and 'actively engaged' include leasing.

c. A trust that meets all of the following conditions:

1. It was created by an individual who owned the land and transferred the land to the trust.
2. All of its beneficiaries are, directly or indirectly, individuals who are the creator of the trust or a relative of the creator. An individual is indirectly a beneficiary of a trust that owns the land if the individual is a beneficiary of another trust or a member of a business entity that has a beneficial interest in the trust that owns the land.

d. A testamentary trust that meets all of the following conditions:

1. It was created by an individual who transferred to the trust land that qualified in that individual's hands for classification under G.S. 105-277.3.
2. At the date of the creator's death, the creator had no relatives.
3. The trust income, less reasonable administrative expenses, is used exclusively for educational, scientific, literary, cultural, charitable, or religious purposes as defined in G.S. 105-278.3(d).

e. Tenants in common, if each tenant would qualify as an owner if the tenant were the sole owner. Tenants in common may elect to treat their individual shares as owned by them individually in accordance with G.S. 105-302(c)(9). The ownership requirements of G.S. 105-277.3(b) apply to each tenant in common who is an individual, and the ownership requirements of G.S. 105-277.3(b1) apply to each tenant in common who is a business entity or a trust.

(4a) Member. – A shareholder of a corporation, a partner of a general or limited partnership, or a member of a limited liability company.

(5) Present-use value. – The value of land in its current use as agricultural land, horticultural land, or forestland, based solely on its ability to produce income and assuming an average level of management. A rate of nine percent (9%) shall be used to capitalize the expected net income of forestland. The capitalization rate for agricultural land and horticultural land is to be determined by the Use-Value Advisory Board as provided in G.S. 105-277.7.

(5a) Relative. – Any of the following:

a. A spouse or the spouse's lineal ancestor or descendant.

b. A lineal ancestor or a lineal descendant.

c. A brother or sister, or the lineal descendant of a brother or sister. For the purposes of this sub-subdivision, the term brother or sister includes stepbrother or stepsister.

d. An aunt or an uncle.

e. A spouse of an individual listed in paragraphs a. through d. For the purpose of this subdivision, an adoptive or adopted relative is a relative and the term "spouse" includes a surviving spouse.

(6) Sound management program. – A program of production designed to obtain the greatest net return from the land consistent with its conservation and long-term improvement.

(7) Unit. – One or more tracts of agricultural land, horticultural land, or forestland. Multiple tracts must be under the same ownership and be of the same type of classification. If the multiple tracts are located within different counties, they must be within 50 miles of a tract qualifying under G.S. 105-277.3(a). (1973, c. 709, s. 1; 1975, c. 746, s. 1; 1985, c. 628, s. 1; c. 667, ss. 1, 4; 1987, c. 698, s. 1; 1995, c. 454, s. 1; 1995 (Reg. Sess., 1996), c. 646, s. 17; 1998-98, s. 24; 2002-184, s. 1; 2004-8, s. 1; 2005-313, ss. 1, 2; 2008-146, s. 2.1.)

§ 105-277.3. Agricultural, horticultural, and forestland – Classifications.

(a) Classes Defined. – The following classes of property are designated special classes of property under authority of Section 2(2) of Article V of the North Carolina Constitution and must be appraised, assessed, and taxed as provided in G.S. 105-277.2 through G.S. 105-277.7.

(1) Agricultural land. – Individually owned agricultural land consisting of one or more tracts, one of which satisfies the requirements of this subdivision. For agricultural land used as a farm for aquatic species, as defined in G.S. 106-758, the tract must meet the income requirement for agricultural land and must consist of at least five acres in actual production or produce at least 20,000 pounds of aquatic species for commercial sale annually, regardless of acreage. For all other agricultural land, the tract must meet the income requirement for agricultural land and must consist of at least 10 acres that are in actual production. Land in actual production includes land under improvements used in the commercial production or growing of crops, plants, or animals.

To meet the income requirement, agricultural land must, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have produced an average gross income of at least one thousand dollars

($1,000). Gross income includes income from the sale of the agricultural products produced from the land, any payments received under a governmental soil conservation or land retirement program, and the amount paid to the taxpayer during the taxable year pursuant to P.L. 108-357, Title VI, Fair and Equitable Tobacco Reform Act of 2004.

(2) Horticultural land. – Individually owned horticultural land consisting of one or more tracts, one of which consists of at least five acres that are in actual production and that, for the three years preceding January 1 of the year for which the benefit of this section is claimed, have met the applicable minimum gross income requirement. Land in actual production includes land under improvements used in the commercial production or growing of fruits or vegetables or nursery or floral products. Land that has been used to produce evergreens intended for use as Christmas trees must have met the minimum gross income requirements established by the Department of Revenue for the land. All other horticultural land must have produced an average gross income of at least one thousand dollars ($1,000). Gross income includes income from the sale of the horticultural products produced from the land and any payments received under a governmental soil conservation or land retirement program.

(3) Forestland. – Individually owned forestland consisting of one or more tracts, one of which consists of at least 20 acres that are in actual production and are not included in a farm unit.

(b) Individual Ownership Requirements. – In order to come within a classification described in subsection (a) of this section, land owned by an individual must also satisfy one of the following conditions:

(1) It is the owner's place of residence.

(2) It has been owned by the current owner or a relative of the current owner for the four years preceding January 1 of the year for which the benefit of this section is claimed.

(3) At the time of transfer to the current owner, it qualified for classification in the hands of a business entity or trust that transferred the land to the current owner who was a member of the business entity or a beneficiary of the trust, as appropriate.

(b1) Entity Ownership Requirements. – In order to come within a classification described in subsection (a) of this section, land owned by a business entity or trust must have been owned by the business entity or trust or by one or more of its members or creators, respectively, for the four years immediately preceding January 1 of the year for which the benefit of this section is claimed.

(b2) Exceptions to Ownership Requirements. – Notwithstanding the provisions of subsections (b) and (b1) of this section, land may qualify for classification in the hands of the new owner if all of the conditions listed in either subdivision of this subsection are met, even if the new owner does not meet all of the ownership requirements of subsections (b) and (b1) of this section with respect to the land.

(1) Continued use. – If the land qualifies for classification in the hands of the new owner under the provisions of this subdivision, then any deferred taxes remain a lien on the land under G.S. 105-277.4(c), the new owner becomes liable for the deferred taxes, and the deferred taxes become payable if the land fails to meet any other condition or requirement for classification. Land qualifies for classification in the hands of the new owner if all of the following conditions are met:

a. The land was appraised at its present use value at the time title to the land passed to the new owner.

b. The new owner acquires the land and continues to use the land for the purpose for which it was classified under subsection (a) of this section while under previous ownership.

c. The new owner has timely filed an application as required by G.S. 105-277.4(a) and has certified that the new owner accepts liability for any deferred taxes and intends to continue the present use of the land.

(2) Expansion of existing unit. – Land qualifies for classification in the hands of the new owner if, at the time title passed to the new owner, the land was not appraised at its present-use value but was being used for the same purpose and was eligible for appraisal at its present-use value as other land already owned by the new owner and classified under subsection (a) of this section. The new owner must timely file an application as required by G.S. 105-277.4(a).

(c) Repealed by Session Laws 1995, c. 454, s. 2.

(d) Exception for Conservation Reserve Program. – Land enrolled in the federal Conservation Reserve Program authorized by 16 U.S.C. Chapter 58 is considered to be in actual production, and income derived from participation in the federal Conservation Reserve Program may be used in meeting the minimum gross income requirements of this section either separately or in combination with income from actual production. Land enrolled in the federal Conservation Reserve Program must be assessed as agricultural land if it is planted in vegetation other than trees, or as forestland if it is planted in trees.

(d1) **(Effective for taxes imposed for taxable years beginning before July 1, 2010)** Exception for Easements on Qualified Conservation Lands Previously Appraised at Use Value. – Property that is appraised at its present-use value under G.S. 105-277.4(b) shall continue to qualify for appraisal, assessment, and taxation as provided in G.S. 105-277.2 through G.S. 105-277.7 as long as the property is subject to an enforceable conservation easement that would qualify for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12, without regard to actual production or income requirements of this section. Notwithstanding G.S. 105-277.3(b) and (b1), subsequent transfer of the property does not extinguish its present-use value eligibility as long as the property remains subject to an enforceable conservation easement that qualifies for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12. The exception provided in this subsection applies only to that part of the property that is subject to the easement.

(d1) **(Effective for taxes imposed for taxable years beginning on or after July 1, 2010)** Exception for Easements on Qualified Conservation Lands Previously Appraised at Use Value. – Property that is appraised at its present-use value under G.S. 105-277.4(b) shall continue to qualify for appraisal, assessment, and taxation as provided in G.S. 105-277.2 through G.S. 105-277.7 as long as (i) the property is subject to an enforceable conservation easement that would qualify for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12, without regard to actual production or income requirements of this section; and (ii) the taxpayer received no more than seventy-five percent (75%) of the fair market value of the donated property interest in compensation. Notwithstanding G.S. 105-277.3(b) and (b1), subsequent transfer of the property does not extinguish its present-use value eligibility as long as the property remains subject to an enforceable conservation easement that qualifies for the conservation tax credit provided in G.S. 105-130.34 and G.S. 105-151.12. The exception provided in this subsection applies only to that part of the property that is subject to the easement.

(d2) **(Effective for taxes imposed for taxable years beginning on or after July 1, 2010)** Wildlife Exception. – When an owner of land classified under this section does not transfer the

land and the land become eligible for classification under G.S. 105-277.15, no deferred taxes are due. The deferred taxes remain a lien on the land and are payable in accordance with G.S. 105-277.15.

(e) Exception for Turkey Disease. – Agricultural land that meets all of the following conditions is considered to be in actual production and to meet the minimum gross income requirements:

(1) The land was in actual production in turkey growing within the preceding two years and qualified for present use value treatment while it was in actual production.

(2) The land was taken out of actual production in turkey growing solely for health and safety considerations due to the presence of Poult Enteritis Mortality Syndrome among turkeys in the same county or a neighboring county.

(3) The land is otherwise eligible for present use value treatment.

(f) Sound Management Program for Agricultural Land and Horticultural Land. – If the property owner demonstrates any one of the following factors with respect to agricultural land or horticultural land, then the land is operated under a sound management program:

(1) Enrollment in and compliance with an agency-administered and approved farm management plan.

(2) Compliance with a set of best management practices.

(3) Compliance with a minimum gross income per acre test.

(4) Evidence of net income from the farm operation.

(5) Evidence that farming is the farm operator's principal source of income.

(6) Certification by a recognized agricultural or horticultural agency within the county that the land is operated under a sound management program.

Operation under a sound management program may also be demonstrated by evidence of other similar factors. As long as a farm operator meets the sound management requirements, it is irrelevant whether the property owner received income or rent from the farm operator.

(g) Sound Management Program for Forestland. – If the owner of forestland demonstrates that the forestland complies with a written sound forest management plan for the production and sale of forest products, then the forestland is operated under a sound management program. (1973, c. 709, s. 1; 1975, c. 746, s. 2; 1983, c. 821; c. 826; 1985, c. 667, ss. 2, 3, 6.1; 1987, c. 698, ss. 2-5; 1987 (Reg. Sess., 1988), c. 1044, s. 13.1; 1989, cc. 99, 736, s. 1; 1989 (Reg. Sess., 1990), c. 814, s. 29; 1995, c. 454, s. 2; 1997-272, s. 1; 1998-98, s. 22; 2001-499, s. 1; 2002-184, s. 2; 2005-293, s. 1; 2005-313, s. 3; 2007-484, s. 43.7T(c); 2007-497, s. 3.1; 2008-146, s. 2.2; 2008-171, ss. 4-5.)

§ 105-277.4. Agricultural, horticultural and forestland – Application; appraisal at use value; appeal; deferred taxes.

(a) Application. – Property coming within one of the classes defined in G.S. 105-277.3 is eligible for taxation on the basis of the value of the property in its present use if a timely and proper application is filed with the assessor of the county in which the property is located. The application must clearly show that the property comes within one of the classes and must also contain any other relevant information required by the assessor to properly appraise the property at its present-use value. An initial application must be filed during the regular listing period of the year for which the benefit of this classification is first claimed, or within 30 days of the date shown on a notice of a change in valuation made pursuant to G.S. 105-286 or G.S. 105-287. A new application is not required to be submitted unless the property is transferred or becomes

ineligible for use-value appraisal because of a change in use or acreage. An application required due to transfer of the land may be submitted at any time during the calendar year but must be submitted within 60 days of the date of the property's transfer.

(a1) Late Application. – Upon a showing of good cause by the applicant for failure to make a timely application as required by subsection (a) of this section, an application may be approved by the board of equalization and review or, if that board is not in session, by the board of county commissioners. An untimely application approved under this subsection applies only to property taxes levied by the county or municipality in the calendar year in which the untimely application is filed. Decisions of the county board may be appealed to the Property Tax Commission.

(b) Appraisal at Present-use Value. – Upon receipt of a properly executed application, the assessor must appraise the property at its present-use value as established in the schedule prepared pursuant to G.S. 105-317. In appraising the property at its present-use value, the assessor must appraise the improvements located on qualifying land according to the schedules and standards used in appraising other similar improvements in the county. If all or any part of a qualifying tract of land is located within the limits of an incorporated city or town, or is property annexed subject to G.S. 160A-37(f1) or G.S. 160A-49(f1), the assessor must furnish a copy of the property record showing both the present-use appraisal and the valuation upon which the property would have been taxed in the absence of this classification to the collector of the city or town. The assessor must also notify the tax collector of any changes in the appraisals or in the eligibility of the property for the benefit of this classification. Upon a request for a certification pursuant to G.S. 160A-37(f1) or G.S.160A-49(f1), or any change in the certification, the assessor for the county where the land subject to the annexation is located must, within 30 days, determine if the land meets the requirements of G.S. 160A-37(f1)(2) or G.S. 160A-49(f1)(2) and report the results of its findings to the city.

(b1) Appeal. – Decisions of the assessor regarding the qualification or appraisal of property under this section may be appealed to the county board of equalization and review or, if that board is not in session, to the board of county commissioners. An appeal must be made within 60 days after the decision of the assessor. If an owner submits additional information to the assessor pursuant to G.S. 105-296(j), the appeal must be made within 60 days after the assessor's decision based on the additional information. Decisions of the county board may be appealed to the Property Tax Commission.

(c) Deferred Taxes. – Land meeting the conditions for classification under G.S. 105-277.3 must be taxed on the basis of the value of the land for its present use. The difference between the taxes due on the present-use basis and the taxes that would have been payable in the absence of this classification, together with any interest, penalties, or costs that may accrue thereon, are a lien on the real property of the taxpayer as provided in G.S. 105-355(a). The difference in taxes must be carried forward in the records of the taxing unit or units as deferred taxes. The deferred taxes for the preceding three fiscal years are due and payable in accordance with G.S. 105-277.1D when the property loses its eligibility for deferral as a result of a disqualifying event. A disqualifying event occurs when the land fails to meet any condition or requirement for classification or when an application is not approved.

(d) Exceptions. – Notwithstanding the provisions of subsection (c) of this section, if property loses its eligibility for present use value classification solely due to one of the following reasons, no deferred taxes are due and the lien for the deferred taxes is extinguished:

(1) There is a change in income caused by enrollment of the property in the federal conservation reserve program established under 16 U.S.C. Chapter 58.

(2) The property is conveyed by gift to a nonprofit organization and qualifies for exclusion from the tax base pursuant to G.S. 105-275(12) or G.S. 105-275(29).

(3) The property is conveyed by gift to the State, a political subdivision of the State, or the United States.

(e) Repealed by Session Laws 1997-270, s. 3, effective July 3, 1997. (1973, c. 709, s. 1; c. 905; c. 906, ss. 1, 2; 1975, c. 62; c. 746, ss. 3-7; 1981, c. 835; 1985, c. 518, s. 1; c. 667, ss. 5, 6; 1987, c. 45, s. 1; c. 295, s. 5; c. 698, s. 6; 1987 (Reg. Sess., 1988), c. 1044, s. 13.2; 1995, c. 443, s. 4; c. 454, s. 3; 1997-270, s. 3; 1998-98, s. 23; 1998-150, s. 1; 2001-499, s. 2; 2002-184, s. 3; 2005-313, s. 4; 2006-30, s. 4; 2008-35, s. 2.3; 2008-107, s. 28.11.(h).)

§ 105-277.5. Agricultural, horticultural and forestland – Notice of change in use.

Not later than the close of the listing period following a change which would disqualify all or a part of a tract of land receiving the benefit of this classification, the property owner shall furnish the assessor with complete information regarding such change. Any property owner who fails to notify the assessor of changes as aforesaid regarding land receiving the benefit of this classification shall be subject to a penalty of ten percent (10%) of the total amount of the deferred taxes and interest thereon for each listing period for which the failure to report continues. (1973, c. 709, s. 1; 1975, c. 746, s. 8; 1987, c. 45, s. 1.)

§ 105-277.6. Agricultural, horticultural and forestland – Appraisal; computation of deferred tax.

(a) In determining the amount of the deferred taxes herein provided, the assessor shall use the appraised valuation established in the county's last general revaluation except for any changes made under the provisions of G.S. 105-287.

(b) In revaluation years, as provided in G.S. 105-286, all property entitled to classification under G.S. 105-277.3 shall be reappraised at its true value in money and at its present use value as of the effective date of the revaluation. The two valuations shall continue in effect and shall provide the basis for deferred taxes until a change in one or both of the appraisals is required by law. The present use-value schedule, standards, and rules shall be used by the tax assessor to appraise property receiving the benefit of this classification until the next general revaluation of real property in the county as required by G.S. 105-286.

(c) Repealed by Session Laws 1987, c. 295, s. 2. (1973, c. 709, s. 1; 1975, c. 746, ss. 9, 10; 1987, c. 45, s. 1, c. 295, s. 2.)

§ 105-277.7. Use-Value Advisory Board.

(a) Creation and Membership. – The Use-Value Advisory Board is established under the supervision of the Agricultural Extension Service of North Carolina State University. The Director of the Agricultural Extension Service of North Carolina State University shall serve as the chair of the Board. The Board shall consist of the following additional members, to serve ex officio:

(1) A representative of the Department of Agriculture and Consumer Services, designated by the Commissioner of Agriculture.

(2) A representative of the Division of Forest Resources of the Department of Environment and Natural Resources, designated by the Director of that Division.

(3) A representative of the Agricultural Extension Service at North Carolina Agricultural and Technical State University, designated by the Director of the Extension Service.

(4) A representative of the North Carolina Farm Bureau Federation, Inc., designated by the President of the Bureau.

(5) A representative of the North Carolina Association of Assessing Officers, designated by the President of the Association.

(6) The Director of the Property Tax Division of the North Carolina Department of Revenue or the Director's designee.

(7) A representative of the North Carolina Association of County Commissioners, designated by the President of the Association.

(8) A representative of the North Carolina Forestry Association, designated by the President of the Association.

(b) Staff. – The Agricultural Extension Service at North Carolina State University must provide clerical assistance to the Board.

(c) Duties. – The Board must annually submit to the Department of Revenue a recommended use-value manual. In developing the manual, the Board may consult with federal and State agencies as needed. The manual must contain all of the following:

(1) The estimated cash rental rates for agricultural lands and horticultural lands for the various classes of soils found in the State. The rental rates must recognize the productivity levels by class of soil or geographic area, and the crop as either agricultural or horticultural. The rental rates must be based on the rental value of the land to be used for agricultural or horticultural purposes when those uses are presumed to be the highest and best use of the land. The recommended rental rates may be established from individual county studies or from contracts with federal or State agencies as needed.

(2) The recommended net income ranges for forestland furnished to the Board by the Forestry Section of the North Carolina Cooperative Extension Service. These net income ranges may be based on up to six classes of land within each Major Land Resource Area designated by the United States Soil Conservation Service. In developing these ranges, the Forestry Section must consider the soil productivity and indicator tree species or stand type, the average stand establishment and annual management costs, the average rotation length and timber yield, and the average timber stumpage prices.

(3) The capitalization rates adopted by the Board prior to February 1 for use in capitalizing incomes into values. The capitalization rate for forestland shall be nine percent (9%). The capitalization rate for agricultural land and horticultural land must be no less than six percent (6%) and no more than seven percent (7%). The incomes must be in the form of cash rents for agricultural lands and horticultural lands and net incomes for forestlands.

(4) The value per acre adopted by the Board for the best agricultural land. The value may not exceed one thousand two hundred dollars ($1,200).

(5) Recommendations concerning any changes to the capitalization rate for agricultural land and horticultural land and to the maximum value per acre for the best agricultural land and horticultural land based on a calculation to be determined by the Board. The Board shall annually report these recommendations to the Revenue Laws Study Committee and to the President Pro Tempore of the Senate and the Speaker of the House of Representatives.

(6) Recommendations concerning requirements for horticultural land used to produce evergreens intended for use as Christmas trees when requested to do so by the Department. (1973, c. 709, s. 1; 1975, c. 746, s. 11; 1985, c. 628, s. 2; 1989, c. 727, s. 218(44); c. 736, s. 2; 1997-261, s. 109; 1997-443, s. 11A.119(a); 2002-184, s. 4; 2005-313, s. 5; 2005-386, s. 1.3.)

§ 105-277.1D. Uniform provisions for payment of deferred taxes.

(a) **(Effective for taxes imposed for taxable years beginning before July 1, 2010)** Scope. – This section applies to the following deferred tax programs:

(1) G.S. 105-275(29a), historic district property held as future site of historic structure.
(2) G.S. 105-277.1B, the property tax homestead circuit breaker.
(3) G.S. 105-277.4(c), present-use value property.
(4) G.S. 105-277.14, working waterfront property.
(5) G.S. 105-278(b), historic property.
(6) G.S. 105-278.6(e), nonprofit property held as future site of low- or moderate-income housing.

(a) **(Effective for taxes imposed for taxable years beginning on or after July 1, 2010)** Scope. – This section applies to the following deferred tax programs:

(1) G.S. 105-275(29a), historic district property held as future site of historic structure.
(2) G.S. 105-277.1B, the property tax homestead circuit breaker.
(3) G.S. 105-277.4(c), present-use value property.
(4) G.S. 105-277.14, working waterfront property.
(5) G.S. 105-277.15, wildlife conservation land.
(6) G.S. 105-278(b), historic property.
(7) G.S. 105-278.6(e), nonprofit property held as future site of low- or moderate-income housing.

(b) Payment. – Taxes deferred on property under a deferral program listed in subsection (a) of this section are due and payable on the day the property loses its eligibility for the deferral program as a result of a disqualifying event. If only a part of property for which taxes are deferred loses its eligibility for deferral, the assessor must determine the amount of deferred taxes that apply to that part and that amount is due and payable. Interest accrues on deferred taxes as if they had been payable on the dates on which they would have originally become due.

The tax for the fiscal year that begins in the calendar year in which the deferred taxes are due and payable is computed as if the property had not been classified for that year. A lien for deferred taxes is extinguished when the taxes are paid.

All or part of the deferred taxes that are not due and payable may be paid to the tax collector at any time without affecting the property's eligibility for deferral. A partial payment is applied first to accrued interest. (2008-35, s. 2.2; 2008-107, s. 28.11.(h); 2008-171, s. 2.)

§ 105-289. Duties of Department of Revenue. (in part)

(a) It is the duty of the Department of Revenue:

...

(5) To prepare and distribute annually to each assessor the manual developed by the Use-Value Advisory Board under G.S. 105-277.7 that establishes the cash rental rates for agricultural lands and horticultural lands and the net income ranges for forestland.

(6) To establish requirements for horticultural land, used to produce evergreens intended for use as Christmas trees, in lieu of a gross income requirement until evergreens are harvested from the land, and to establish a gross income requirement for this type horticultural land, that differs from the income requirement for other horticultural land, when evergreens are harvested from the land.

(7) To conduct studies of the cash rents for agricultural and horticultural lands on a county or a regional basis, such as the Major Land Resource Area map designated and developed by the U.S. Department of Agriculture. The results of the studies must be furnished to the North Carolina Use-Value Advisory Board. The studies may be conducted on any reasonable basis and timetable that will be reflective of rents and values for each local area based on the productivity of the land.

§ 105-296. Powers and duties of assessor. (in part)

...

(j) The assessor must annually review at least one eighth of the parcels in the county classified for taxation at present-use value to verify that these parcels qualify for the classification. By this method, the assessor must review the eligibility of all parcels classified for taxation at present-use value in an eight-year period. The period of the review process is based on the average of the preceding three years' data. The assessor may request assistance from the Farm Service Agency, the Cooperative Extension Service, the Division of Forest Resources of the Department of Environment and Natural Resources, or other similar organizations.

The assessor may require the owner of classified property to submit any information, including sound management plans for forestland, needed by the assessor to verify that the property continues to qualify for present-use value taxation. The owner has 60 days from the date a written request for the information is made to submit the information to the assessor. If the assessor determines the owner failed to make the information requested available in the time required without good cause, the property loses its present-use value classification and the property's deferred taxes become due and payable as provided in G.S. 105-277.4(c). If the property loses its present-use value classification for failure to provide the requested information, the assessor must reinstate the property's present-use value classification when the owner submits the requested information within 60 days after the disqualification unless the information discloses that the property no longer qualifies for present-use value classification. When a property's present-use value classification is reinstated, it is reinstated retroactive to the date the classification was revoked and any deferred taxes that were paid as a result of the revocation must be refunded to the property owner. The owner may appeal the final decision of the assessor to the county board of equalization and review as provided in G.S. 105-277.4(b1).

In determining whether property is operating under a sound management program, the assessor must consider any weather conditions or other acts of nature that prevent the growing or harvesting of crops or the realization of income from cattle, swine, or poultry operations. The assessor must also allow the property owner to submit additional information before making this determination.

§ 40A-6. Reimbursement of owner for taxes paid on condemned property.

(a) An owner whose property is totally taken in fee simple by a condemnor exercising the power of eminent domain, under this Chapter or any other statute, shall be entitled to reimbursement from the condemnor of the pro rata portion of real property taxes paid by the owner that are allocable to a period subsequent to vesting of title in the condemnor, or the effective date of possession of the real property, whichever is earlier.

(b) An owner who meets the following conditions is entitled to reimbursement from the condemnor for all deferred taxes paid by the owner pursuant to G.S. 105-277.4(c) as a result of the condemnation:

(1) The owner is a natural person whose property is taken in fee simple by a condemnor exercising the power of eminent domain under this Chapter or any other statute.

(2) The owner also owns agricultural land, horticultural land, or forestland that is contiguous to the condemned property and that is in active production.

The definitions in G.S. 105-277.2 apply in this subsection. (1975, c. 439, s. 1; 1981, c. 919, s. 1; 1997-270, s. 1.)

§ 136-121.1. Reimbursement of owner for taxes paid on condemned property.

(a) A property owner whose property is totally taken in fee simple by any condemning agency (as defined in G.S. 133-7(1)) exercising the power of eminent domain, under this Chapter or any other statute or charter provision, shall be entitled to reimbursement from the condemning agency of the pro rata portion of real property taxes paid that are allocable to a period subsequent to vesting of title in the agency, or the effective date of possession of the real property, whichever is earlier.

(b) An owner who meets the following conditions is entitled to reimbursement from the condemning agency for all deferred taxes paid by the owner pursuant to G.S. 105-277.4(c) as a result of the condemnation:

(1) The owner is a natural person whose property is taken in fee simple by a condemning agency exercising the power of eminent domain under this Chapter or any other statute.

(2) The owner also owns agricultural land, horticultural land, or forestland that is contiguous to the condemned property and that is in active production.

A potential condemning agency that seeks to acquire property by gift or purchase shall give the owner written notice of the provisions of this section. The definitions in G.S. 105-277.2 apply in this subsection. (1975, c. 439, s. 1; 1997-270, s. 2.)

§ 160A-37. Procedure for annexation. (in part)

...

(f1) Property Subject to Present-Use Value Appraisal. – If an area described in an annexation ordinance includes agricultural land, horticultural land, or forestland that meets either of the conditions listed below on the effective date of annexation, then the annexation becomes effective as to that property pursuant to subsection (f2) of this section:

(1) The land is being taxed at present-use value pursuant to G.S. 105-277.4.

(2) The land meets both of the following conditions:

a. On the date of the resolution of intent for annexation it was being used for actual production and is eligible for present-use value taxation under G.S. 105-277.4, but the land had not been in use for actual production for the required time under G.S. 105-277.3.

b. The assessor for the county where the land subject to annexation is located has certified to the city that the land meets the requirements of this subdivision.

(f2) Effective Date of Annexation for Certain Property. – Annexation of property subject to annexation under subsection (f1) of this section becomes effective as provided in this subsection:

(1) Upon the effective date of the annexation ordinance, the property is considered part of the city only (i) for the purpose of establishing city boundaries for additional annexations pursuant to this Article and (ii) for the exercise of city authority pursuant to Article 19 of this Chapter.

(2) For all other purposes, the annexation becomes effective as to each tract of the property or part thereof on the last day of the month in which that tract or part thereof becomes ineligible for classification pursuant to G.S. 105-277.4 or no longer meets the requirements of subdivision (f1)(2) of this section. Until annexation of a tract or a part of a tract becomes effective pursuant to this subdivision, the tract or part of a tract is not subject to taxation by the city under Article 12 of Chapter 105 of the General Statutes nor is the tract or part of a tract entitled to services provided by the city.

§ 160A-49. Procedure for annexation. (in part)

...

(f1) Property Subject to Present-Use Value Appraisal. – If an area described in an annexation ordinance includes agricultural land, horticultural land, or forestland that on the effective date of annexation is:

(1) Land that is being taxed at present-use value pursuant to G.S. 105-277.4; or

(2) Land that:

a. Was on the date of the resolution of intent for annexation being used for actual production and is eligible for present-use value taxation under G.S. 105-277.4, but the land has not been in use for actual production for the required time under G.S. 105-277.3; and

b. The assessor for the county where the land subject to annexation is located has certified to the city that the land meets the requirements of this subdivision

the annexation becomes effective as to that property pursuant to subsection (f2) of this section.

(f2) Effective Date of Annexation for Certain Property. – Annexation of property subject to annexation under subsection (f1) of this section shall become effective:

(1) Upon the effective date of the annexation ordinance, the property is considered part of the city only (i) for the purpose of establishing city boundaries for additional annexations pursuant to this Article and (ii) for the exercise of city authority pursuant to Article 19 of this Chapter.

(2) For all other purposes, the annexation becomes effective as to each tract of such property or part thereof on the last day of the month in which that tract or part thereof becomes ineligible for classification pursuant to G.S. 105-277.4 or no longer meets the requirements of subdivision (f1)(2) of this section. Until annexation of a tract or a part of a tract becomes effective pursuant to this subdivision, the tract or part of a tract is not subject to taxation by the city under Article 12 of Chapter 105 of the General Statutes nor is the tract or part of a tract entitled to services provided by the city.
